

Title: Technical Handbook for Marine Biodiesel

Author(s): CytoCulture, International

Publication Date: Apr 1999

Summary:

This handbook has been prepared to provide practical information on biodiesel to owners of recreational boats powered with diesel engines. The report summarizes research work and field observations collected over the past five years from the U.S. and Europe. The handbook is intended to be relatively comprehensive without being overly detailed. References are cited to guide the reader in pursuing specific topics in more depth. The appendices contain support documentation and articles on marine biodiesel.

A complete copy of the report can be viewed from CytoCulture's web site at <http://www.cytoculture.com/Bdiesel.html>

Market Segment: Marine
